## TO WHOM IT MAY CONCERN

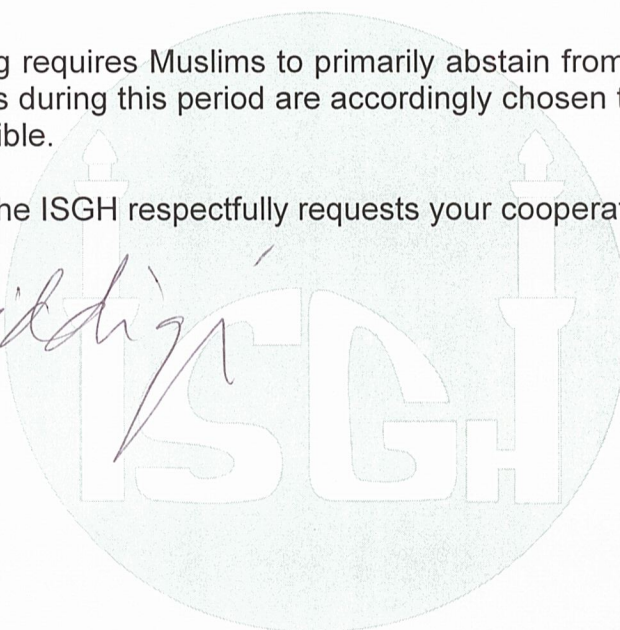

The Islamic Society of Greater Houston (ISGH) wishes to notify all concerned that Muslims would be observing the Islamic obligation of fasting during the period August 22, 2009 through September 19, 2009, the month of Ramadan.

This period depends on the moon sighting and could vary slightly from the above-quoted dates.

The obligation of fasting requires Muslims to primarily abstain from food and drink from dawn to dusk. Activities during this period are accordingly chosen to make this exercise as comfortable as possible.

On behalf of Muslims, the ISGH respectfully requests your cooperation in this matter. Thank you.

## Parental Request

My child \_\_\_\_\_ is observing the Islamic ritual of fasting. I should be very grateful if you could assign him/her appropriate tasks.
