Previous Leadership Experience *

What experiences in your personal, professional or political life have helped shape you and made you the person you are today? Discuss your titles, community and civic work, awards and other offices you've held. How do those experiences translate into being a better candidate for the position you are running? Don't just create a laundry list of accomplishments, but work your experience into a larger narrative. A little bit about you personally goes a long way. Voters want to know about you, but maybe not every detail of your life. Include both personal and professional content that helps provide a rounded idea of who you are.

For the past ten years I have worked as a supervisor for a contracting company.

 - 3) Finishing up the new masjid construction as soon as possible.

Final Thoughts *

End on a strong note. Finish your candidate biography with a strong statement about your purpose for running and what you hope to accomplish in the office you seek. Be inspirational and specific.
