A Message from ISGH President

ISGH is aware of threats to our Masajid and has contacted law enforcement authorities to protect places of worship and there will be police presence during Friday prayers as part of broader security measure to assure our Musaleen to pray in peace.

ISGH has also taken the initiative to hold a meeting on Sunday, March 24th of all Masaajid in Greater Houston area to discuss security measures and how to safeguard all of our facilities.

We are making all efforts necessary to be vigilant and take all precautionary measures for a safe and secure environment in Masajid.

We will keep the community informed of any further developments and will share updates on our efforts.

I pray to Allah (swt) to keep our community in His safety, ameen.

Sohail Syed
-ISGH President
