3. Early balloting shall be held on **December 6, 2020** at selected Islamic Centers. The timings and locations will be announced by EC2020 in coming days. Dates and timings and balloting methodology may need to be adjusted subject to the COVID-19 pandemic situation and applicable state and federal restrictions as mandated by Texas Governor’s disaster declarations.

4. The 2020 ISGH General Elections shall be held on **Sunday, December 13, 2020**, at the Main Center. Timings will be announced by EC2020 in coming days. Dates and timings and balloting methodology may need to be adjusted subject to the COVID-19 pandemic situation and applicable state and federal restrictions as mandated by Texas Governor's disaster declarations.

However, the EC wants to make sure that no ISGH member is denied the right to participate in this election because of an error in the preparation of the voting list. Dealing with missing names is extremely difficult on actual election day(s) and is absolutely discouraged. Under most circumstances it will NOT BE ALLOWED or WILL NOT BE POSSIBLE to do so at the time of balloting.

Everyone is encouraged to check up the Membership Status well in advance of the actual balloting

If for whatever reason any potential voter has not been able to resolve the status problems then he/she SHOULD NOT go to vote during Early Balloting. Please note that on the Early Balloting day (i.e. 06 December) ABSOLUTELY NO changes to the membership data will be made and thus no one whose name DOES NOT appear on the membership list will be able to and/or allowed to vote.

On the General Election Day, at the ISGH Main Center, provisions will be made to accommodate those potential voters who have been dealing with membership status issues. Very specific information and proof will be required to make any adjustment to the eligible voters list. Please look for more detailed procedures to be announced by EC2020 to deal with such issues.

10. The BOARD must approve any changes or modifications to these guidelines.

6. In case the numerical difference in ballots cast for two candidates is less than one-half percent of the total ballot cast in that specific race, one of the candidates in that race or one of their representatives may request a higher scrutiny of results. If the ballots difference in ballots cast for two candidates is between one-half percent and One percent, then the Election Commission by a majority vote of the EC may voluntarily conduct a higher scrutiny of results. Under no circumstances will there be a detailed review if the difference in ballots cast for two candidates is over one percent, unless the Election Commission votes by a 2/3rd majority to conduct a review.
7. The Election Commission may unanimously recommend to the BOARD to cancel the outcome of the election in whole or in part if it determines that the election was not fair due to the circumstances brought to its attention that were beyond its control.
