19. **Mandatory** orientation of all ISGH elected positions: Prior to the final list of Nominees being announced by the Elections Commission, there shall be mandatory ISGH Elections Orientation Sessions (minimum two sessions) for all candidates seeking ISGH elected offices so that they can clearly understand and acknowledge the demands of time commitment expected if they are elected to that office. Those candidates who are unwilling to attend one of these orientation sessions shall be declared unqualified by the Election Commission and their names shall not appear on the Final Nominations List or on the election ballot. Such sessions may be held either physically (in person), or remotely via electronic means and can be conducted by the EC or by the Constitution and Bylaws Committee where an EC member can verify attendance.

**III. GENERAL INFORMATION:**

1. ISGH discourages all defaming and negative campaigns. Members shall discourage, at source, “defaming and negative” campaigns.

2. All nomination letters shall be addressed to the Election Commission and received on or before 12:00 Noon, Sunday, October 15, 2023, at the ISGH Main Center at 3110 Eastside Street, Houston, Texas 77098. If you mail the nomination papers, please make sure that you mail it early enough and affix appropriate postage to ensure receipt at ISGH Office before the deadline. The BEST SUGGESTED method of submitting nominations and/or withdrawals is to send via email to EC2023ISGH@gmail.com and ask for a confirmation.

   **Note:** The Zip Code Groups have not been finalized as of the date of releasing these Guidelines. If there is more than a couple of days delay in the zip grouping announcement, deadline for the nominations for Area Reps ONLY may be extended by one week. All other election schedules will remain same. Such information will be posted on the Elections 2023 webpage.
3. Early balloting shall be held on **December 3, 2023**, at selected Islamic Centers. The timings and locations will be announced by EC2023 in the coming days. Also, on the day of Early Balloting, those ISGH eligible voting members who opted to vote on-line will be exercising their right to vote via online voting. Please continue to visit the ISGH website and the Elections 2023 webpage for additional information, procedures, and instructions for all election related matters.

4. The 2023 ISGH General Elections shall be held on **Sunday, December 10, 2023**, at the Main Center. Timings will be announced by EC2023 in the coming days.

5. Eligible voting members **MUST** cast their OWN ballot, whether in person or via on-line voting option. Proxy shall **NOT** be accepted.

6. All members eligible to vote, when voting in person, **MUST** present photo **identification**. Acceptable IDs are driver’s license, passport, state issued ID, student ID showing age. The identification presented must verify the identity of the voting member to the satisfaction of EC.

7. Children of eligible voting members whose names already appear on the voting list **MUST** present an **identification** showing their date of birth, (minimum age: 15 years. Identification must show DOB of **June 30, 2007** OR earlier). Any person who has attained the age of 21 years on or before June 30, 2023 (DOB earlier than **June 30, 2001**) is not eligible to vote as a dependent child of a member; in order to vote or run for election, they should have their own separate ISGH membership.

8. Dependent, resident (**not visiting**) parents of an eligible member whose names already appear on the voting list must present **proper identification** as specified above.

9. Only those persons whose names are on the list of eligible voting members will be allowed to vote. However, the EC wants to make sure that no ISGH member is denied the right to participate in this election because of an error in the preparation of the voting list. Dealing with missing names is extremely difficult on actual election day(s) and is absolutely discouraged. Under most circumstances it will **NOT BE ALLOWED** or **WILL NOT BE POSSIBLE** to do so at the time of balloting.

    **Thus, everyone is strongly encouraged to check up the Membership Status well in advance of the actual balloting**

    If for whatever reason any potential voter has not been able to resolve the status problems, then he/she **SHOULD NOT** go to vote during Early Balloting. Please note that on the Early Balloting Day (i.e. 03 December 2023) **ABSOLUTELY NO** changes to the membership data will be made and thus no one whose name **DOES NOT** appear on the membership list will be able to and/or allowed to vote.

    On the General Election Day, at the ISGH Main Center, provisions will be made to accommodate those potential voters who have been dealing with membership status issues. Very specific information and proof will be required to make any adjustment to the eligible voters list. Please look for more detailed procedures to be announced by EC2023 to deal with such issues.
10. The BOARD must approve any changes or modifications to these guidelines.

IV. ELECTION PROCEDURE:

1. Election shall be conducted by secret ballots.

2. Candidates or their representatives shall not be allowed in the ballot casting room or anywhere else where EC declares the area to be under the EC control.

3. Any balloting material, documentation, and data will be safeguarded using all appropriate measures (like signed and sealed, etc) and shall be left in the custody of Chairman Election Commission. No partial results or trends shall be announced or communicated to anyone.

4. Results will be announced as soon as possible once the voting is completed.

5. All decisions of the Election Commission shall be made by majority vote of the members of the election commission present at the time of the decision. In all matters pertaining to the counting of the ballots and the announcement of the results, the decision of the Election Commission shall be final. All election announcements shall be made by the Chairman Election Commission.

6. In case the numerical difference in ballots cast for two candidates is less than one-half percent of the total ballot cast in that specific race, one of the candidates in that race or one of their representatives may request a higher scrutiny of results. If the ballots difference in ballots cast for two candidates is between one-half percent and One percent, then the Election Commission by a majority vote of the EC may voluntarily conduct a higher scrutiny of results. Under no circumstances will there be a detailed review if the difference in ballots cast for two candidates is over one percent, unless the Election Commission votes by a 2/3rd majority to conduct a review.

7. The Election Commission may unanimously recommend to the BOARD to cancel the outcome of the election in whole or in part if it determines that the election was not fair due to the circumstances brought to its attention that were beyond its control.
