President's Message

Ayman Kabire
President

Dear ISGH Members, Supporters and Friends,

Assalam Aliekom wa RahmatuAllahi wa Barakatuh,

I pray that this message reaches you in the best state of Iman and well-being. On behalf of the Islamic Society of Greater Houston (ISGH), I would like to express our appreciation for your continued support and generosity. Your consistent support has enabled the many services and programs offered through ISGH that impacted the lives of Muslims in the Greater Houston area.

It is indeed an honor and a pleasure to present the ISGH Annual Report 2023 - 2024. The impact statements included in the report highlight the services catered to address the hierarchy of needs within our community - "From the Cradle to the Grave." Your support was pivotal in helping us focus on key aspects of our mission "**Faith, Service and Community**" and continue to scale to the growing needs within the community.

A main focus for ISGH in 2024 has been to channel efforts around Islamic Education (mini-conferences and workshops) and recruitment of credentialed Imams and Religious Scholars to help nurture and develop our community. 4 Imams have joined the ISGH family (Katy, Synott, Champions and Brandlane) and we continue our national search to fill 3 more openings (Baytown, Pearland and Bear Creek).

This year marks my fourth year (and last) serving you as president of the organization. It has been a humbling experience and one that I will cherish forever. I want to thank you for your support, engagement and candid feedback throughout. I ask ALLAH to accept from all of those who have served over the years purely for His sake and forgive our shortcomings in discharging the responsibilities entrusted to us by the community, Ameen.

Lastly, I want to thank our Imams and Religious Scholars for their spiritual guidance and leadership, our Shura and Executive Body for their leadership in continuous organizational improvements, and our Associate Directors, Area Representatives, Committee Members, Volunteers and ISGH staff for their dedication and hard work.

With Gratitude,

ISGH Executive Body

Serving the Community Since 1969

Mission

*Transform our community through **visionary leadership** that nurtures Islamic development.*

Vision

To provide religious and social services to all Muslims and to provide channels of understanding and communication between Muslims and the Houston community in general. We aim to live our vision by providing a variety of services that range from educational, charitable, social, and religious.

Hurricane Beryl Relief Drives

In the aftermath of Hurricane Beryl, the power of community shined through as everyone came together in support of one another. With the help of our volunteers, ISGH Islamic Centers were able to provide hot meals and water to those impacted by the storm. In addition, masajid opened their doors as cooling centers for anyone without power.

Ramadan Drives

During Ramadan, ISGH Islamic Centers held various drives to feed the homeless, and distribute essential supplies to the refugee community. We thank our volunteers who made it possible!

Our Volunteers

ISGH is most grateful for all of the volunteers who provide their time and leadership to the community. Every masjid has those who attend to the parking on Fridays, arrange hall seating for events, contact maintenance services when needed, participate in campus clean-up, coaching in youth sports, coordinating events, managing kitchen needs during events, participate in Ramadan planning and execution, food distribution, emergency relief and so much more. Below is a list of our central committees, some of which are a part of the ISGH operations and others are providing a service to the community.

Palestine Initiatives

The hearts and minds of Muslims around the world are heavy as we witness the genocide taking place against our brothers and sisters in Gaza. During these trying times the community continues to come together in raising awareness through education, lobbying elected officials for policy change, and supporting humanitarian aid efforts for our brothers and sisters.

With community support ISGH was awarded top donor from Fajr Scientific who has successfully treated over 2500 patients in Raffah and Khan Younis. Multiple buses were facilitated to the State Capitol in Austin taking community members to publicly show their support for our Palestinian Brothers and Sisters. Pick up for Palestine; a basketball tournament led by our youth was set up with the purpose of donating all raised funds to the Palestinian cause. Additionally a billboard to publicly condemn the genocide was sponsored and a Pray for Palestine Jummah was held in front of Houston City Hall.

Pickup For Palestine

Hosted by ISGH, Masjid Hamza, Helping Hand USA, and Students for Refugees Proceeds went towards Helping Hand Relief and Development's emergency relief efforts in Palestine.

Sisters Committee & Youth Programs

In 2023 the ISGH Sisters Committee was formed with the Goal of providing opportunities for women to learn skills while volunteering and attending community events.

Currently there are 9 Islamic Centers participating and the structure with roles has been established. To determine program content for sisters and youth girls a city-wide survey was held, analyzed and the topics are being selected. These topics have been grouped under Mental/Emotional/Physical Health, Healthy Marriage and Education. Contact Leads, WhatsApp Group and individual Masjid groups have been established. A total of 21 events have taken place that include Family Health, Education in Self-Development, Leadership Training and Core Team Building.

ISGH Youth Sports League (Sisters and Brothers)

The 2023 Youth Basketball league was a fun and busy year with time off being taken in the fall to get ready for the 2024 season. A new age category 18-25 Boys was introduced and received very well. The sister's worked hard to establish their 10-25 Girls category but we could only pull together one team. Preliminary rounds started in February at Masjid Hamza for boys and girls who had a wonderful weekend. March brought the Game Finals and YFBH girls and Sabireen Boys won. Both teams were awarded a 2 tier trophy. Hamza 9-13 won Gold Medals, and Al-Salam 18-25 also won Gold Medals. An Islamic Games Tournament was held in Dallas with Masjid Maryam participating taking home a 1st place and 2nd place victory.

The month of May brought the Summer Season with the finals taking place in August. Congratulations to the following teams for winning their division:

Boys 9-13 Sabireen | Boys 14-18 Synott | Girls 13-18 Hamza

In April, the ISGH Soccer League kicked off. A committee was formed and have an interest from 7 masjid to start in the fall. Insha Allah this will be for boys and girls.

ISGH provides Khateebahs for 23 centers holding multiple Khutbahs, 6 of which are non-ISGH centers. Beyond our Imam's, all are volunteers and we want to take this time to appreciate their willingness and time they give, and also may Allah reward their employers for giving them the extra time on Fridays. The Khutbah Committee provides two training workshops annually and the last workshop was in Katy Masjid Aqsa with the next workshop to be held at Bear Creek Masjid Mustafa. The Khutbah platform reaches more Muslimeen than any other educational platform and it is important to receive feedback of the Khateebah and Khutbah quality. You can find the ISGH “Rate the Khateebah” evaluation form on the ISGH website under Services/Khutbah.

Al-Hamdu-lillah, 2023-24 we have completed another year of Islamic work. Major publications of the Institute, namely 'Al-Qur'an - the Guidance for Mankind,' English Translation of the meanings of Al-Qur'an, have been well received by the Muslims as well as non-Muslim entities throughout the United States and other countries including Canada, United Kingdom, United Arab Emirates, Australia, India, Singapore, Indonesia, South Africa, Bangladesh and Malaysia but the quantities of distribution was tremendously affected. Other offerings include Al-Qur'an Software, Al-Salat booklet, Al-Wasiyyah software, Al-Zakat software and Al-Dawah booklet.

We are pleased to share that we have received very valuable input, revision and improvement relating to our Spanish Edition from Spanish speaking communities in Mexico, Panama, Nicaragua and other South American countries. It has been revised and retype set for revised publication. Its cover is similar to English, however, green color is the base color and inside printing is in two colors – text and side notes are separated by a beautiful green border.

Everest Academy

DARUL ARQAM ACADEMY NORTH

DARUL ARQAM ACADEMY SOUTHEAST

Everest Academy continued to make progress on its instructional and strategic priorities in the 2023-24 school year.

- It has enhanced its STEM and academic curricula
- Adopted NWEA MAP assessment tool able to provide student level growth recommendations
- Students' achievement scores for Everest were impressive versus State and National levels. STAAR scores were also well above average
- EA Middle School Students lead weekly Juma Khutbahs enhancing their leadership, public speaking skills, and religious knowledge
- Monthly Character Trait Focus has strengthened character education
- On the Construction front, the foundation for 10,000 SF expansion was poured. The completion date now is middle of November, delayed due to hurricane and persistent rain.

ILM Academy graduated eleven 8th-graders this past May. Our graduates have gone on to public and private high schools including DeBakey, Carnegie Vanguard, Awty International, the Village School, and many others. Our alumni are leaders in their schools and colleges with several students holding leadership positions as well as starting their own organizations to serve the community.

This year, ILM has developed a comprehensive 5-year plan to integrate STREAM (Science, Technology, Religion, Engineering, Arts, and Mathematics) into our curriculum for grades 1-8.

ILM Academy has recently acquired a new property that will serve as the future home for our Montessori and Early Childcare programs. The school is in the process of raising funds to remodel the property to meet the needs of the school. This expansion will allow us to double our capacity from infants through grade 5, thereby better serving the community, reducing our waitlist, and ensuring greater stability for the school in the long run.

Darul Arqam Academy North (DUAAN) graduated 14 seniors in May. Like every year our students are admitted to some of the top-ranking Universities and at times receive full scholarships. This year two students received full scholarships from Univ. of Houston and University of Texas-NB Dallas. DUAAN started providing nutritious breakfast and Lunch funded by the National School Lunch Program (NSLP) and NCI Workforce Solution Day Care Assistance to parents with children in Pre-School.

Houston Peace Academy (HPA) has seen rapid growth in its enrollment since 2018 re-start. Alhamdulillah, in the 23-24 school year, 119 students graduated to the next level of their education journey - almost twice that of 22-23. HPA looks forward to a similar increase in enrollment in 24-25, driving the need for additional facilities. **HPA introduced several initiatives to enhance the school's offering:**

- Updated the ELA and Science curriculums.
- For the first time, Social and Emotional Learning (SEL) was introduced in the classroom.
- HPA partnered with the Children Museum's STEM Program.
- Several enrichment programs were offered, Taekwondo, Archery, and Soccer.
- HPA graduated the largest 5th grade class of 16 students since its start in 2010.

We invite people to see what IEIT Schools have to offer and to be a part of this growing institution. We take pride in fostering the next generation of knowledgeable, ethical, and well-rounded individuals.

ISGH Election Commission 2023

The 2023 ISGH General Elections were conducted by strict adherence to the ISGH Constitution & Bylaws. Once again, the Simply Voting Election System was used to conduct the elections. The Guidelines & Procedures for the 2023 Elections were approved by the ISGH Shura and implemented by the Election Commission (EC); they were posted on the ISGH Elections 2023 webpage.

The EC had continuously maintained the posture, and was strict in adherence to the same, that the ONLY official conduit for any "official" announcement and/or any "official" information from EC would be Elections 2023 webpage. It was intended that the ISGH Membership should develop a habit to routinely visit the ISGH website. The Elections 2023 webpage was developed during September and was launched September 29th 2023.

Treasurer's Report

Financial Overview for 2024

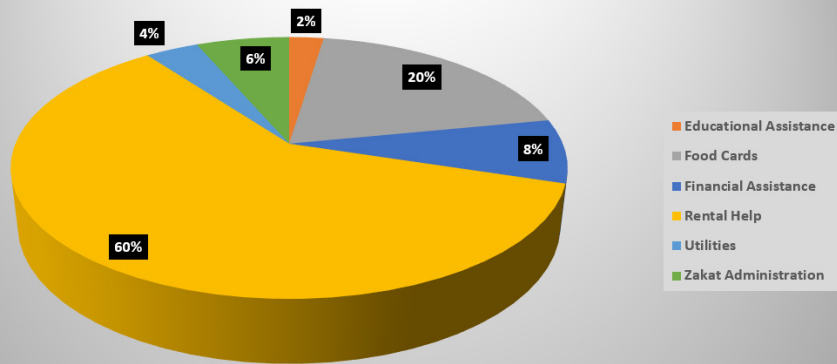

As we present our annual report in September, while operating on a calendar year basis, we aim to provide relevant information despite the incomplete fiscal year. In 2025, our process will change to providing the annual report for the previous fiscal year going forward.

Financial Challenges

While we are optimistic about sustaining this positive trend, rising expenses across all areas present ongoing challenges. Our masjids are not immune to the current economic environment, with increasing operational costs potentially impacting the buffer balances we aim to maintain for each facility.

Charitable Activities

Sadaqa for Needy

We have continued to ensure the efficient distribution of funds from our Sadaqa for Needy accounts. Regular disbursements for education, funeral expenses, and vehicle purchases for those in need have been made.

Share the Khair Program

Our annual Share the Khair program, which allocates Zakat collections from a designated Friday in Ramadan to global crisis areas, focused on Gaza and Yemen this year. We have fully distributed the Yemen collection and 35% of the Gaza funds for medical supplies to the civilian population before border closures. The remaining Gaza funds are held in a restricted account, pending the ability of reliable, vetted relief organizations to resume humanitarian work.

Social Services

Our central social services office has experienced another busy year, addressing the needs of an increased number of refugees and individuals seeking financial assistance.
