

My name is Nusrat Ullah Mir, also known as Br Mir. As a small business entrepreneur and HVAC contractor, my goal is to provide comfort to everyone. I have been living in Houston since 1991 and have been volunteering at ISGH since 2000. My leadership experience includes serving as a BCIC council member, Associate Director, and two-term Zonal Director. As an assertive and action-oriented person, I have a strong ability to raise my voice against wrongdoing and injustice.

I proposed reforms to the ISGH constitution and bylaws, including the addition of dedicated seats for sisters and youth in the Islamic Center Council. Alhamdulillah, I successfully implemented these changes. I remain committed to working for the benefit of sisters and youth in any way possible. My goals are:

1. Expanding youth and family-friendly facilities
2. Enhancing programs and educational opportunities
3. Building strong community connections
4. Improving facility accessibility
5. Engaging youth in our community

My vision for Bear Creek Masjid and the community is to create a thriving, vibrant community hub that serves our members' spiritual, educational, and recreational needs."
